

EDUCATION	University of California, San Diego (UCSD), La Jolla, CA <i>B.S., Clinical Psychology, with Distinction in Honors</i> • Advisor: Dr. Dawn Schiehser • Honors Thesis: <i>Automated Mild Cognitive Impairment Detection (PD-MCIx) in patients with Parkinson's Disease</i> <i>B.S., Cognitive Science with a Specialization in Cognitive Behavioral Neuroscience</i> Summa Cum Laude	Sep 2021 – June 2025 cGPA: 3.99 / 4.00
RESEARCH EXPERIENCE	Neurocognition and Movement Lab Research Assistant VA San Diego Healthcare Advisor: Dawn Schiehser, Professor of Psychiatry • Percent Effort: 40% • Administration and scoring of neuropsychology tests (WMS-IV, CVLT-II, DOT-A, CWIT, DKEFS Verbal Fluency, JLOT-O, BNT-15) and assisted with fMRI scans to learn more about the effects of mild to moderate Traumatic Brain Injury (TBI) on Parkinson's disease (PD). • Developed an Advanced Auto-Diagnosis Script for Mild Cognitive Impairment Detection. • Backcoded UPDRS Part 3 Imputation Calculator for dataset cleaning. • Managed data cleaning and preprocessing for three large-scale longitudinal research datasets. Kiyonaga Lab Research Assistant UC San Diego Department of Cognitive Science Advisors: Anastasia Kiyonaga, Professor of Cognitive Science, Yueying Dong, PhD candidate • Percent Effort: 60% • Leading independent research on the Pupillary Near Response in Visual Working Memory (WM) tasks. • Conducted eye tracking experiments in using Eyelink to study the activity of feature-specific information of the internally-prioritized WM content. • 30+ presentations in Journal Club about how to utilize novel research in working memory, gaze, and pupillometry. • 4+ coding projects to understand Pupil Processing Pipeline in Python. CDC Community Liaison UC San Diego Department of Global Health Advisor: Mor Shilon, Professor of Urban Planning • Percent Effort: 20% • Interviewed 300+ residents of Logan Heights and the Logan Heights CDC to assess priorities for allocating state funding towards community issues through in-person interviews. • Assisted in the production of a community film, art show, and awareness campaign.	March 2024 - Present Sep 2023 - Present Sep 2023 - Feb 2024

TEACHING EXPERIENCE	Undergraduate Instructional Assistant UC San Diego PSYC 101: Developmental Psychology		Sep - Dec 2023
	Professor: Gail Heyman • Led 10+ weekly, midterm, and final review sessions. Conducted personalized one-on-one sessions with 10+ students who were unable to attend live lectures. • Received unanimous student recommendations in course feedback surveys in the upper-division course.		
	Undergraduate Instructional Assistant UC San Diego PSYC 102: Sensory Neuroscience		Sep - Dec 2024
	Professor: Nirelia Morantron • Held weekly office hours and 5 exam review sessions for 200 students. • Delivered a 1.5 hour lecture on the Anatomy of the Ear and Audition.		
MENTORSHIP	UC San Diego 		
	• Mira Mateo, <i>Undergraduate Student</i> • German Lopez, <i>Transfer Student</i> • Soobin Jones, <i>Honors Student</i>	2024 – Present	2024 – Present 2024 – 2025
